

Economy Model Air Hydraulic Pump Unit

The Economy model air hydraulic pump unit was developed in order to offer clients a more compact and affordable pump unit whilst still having the features of a 1500 bar rated hydraulic pump unit.

The pump unit comes standard with a stainless steel roll cage, filter / regulator and gauge.

Technical details are listed below, however if you require any further information please contact us.

Pump units can be modified to suit your requirements.

PUAH1500MECO

Air Drive Pressure	1-10 bar / 14,5—145 psi
Calculated outlet pressure at an air drive of 10 bar / 145 psi	2,200 bar / 31,900 psi
Pressure ratio	1:220
Reservoir	10 Litre Capacity
Usable Oil Capacity	8.2 Litres
Displacement volume / double stroke	0.6 cm ³ / 0.04 cu. inch
Connections: Inlet	Standard: Bottom inlet 3/8 BSP
Connections: Outlet	3/8 BSP
Air drive	3/8 BSP
Maximum Operating Temperature	60°C
Height	195mm
Depth	104mm
Width	112mm
Weight	15 Kg
