## TWP & RWP Hydraulic Pumps

sshhh... listen close... these pumps are quiet...

Power Team Pumps have been continually up-graded for over 40 years; some of the originals are still in service! To meet market needs, PT Hydraulics and Power Team have modified the standard Torque Wrench Pumps, both Air and Electric powered. These new pumps still retain the famous 55 Series Pump but have a new valve to compliment the everlasting pump. The new valve is a single solenoid cartridge style 4 Position, 2 Way valve with an adjustable "B" port relief valve. The new pumps are set for single tool operation as standard however can be fitted with a manifold for 4-Tool operation.

### TWP55-50-220-01

Pump Model	Oil Delivery per min.	Oil Reservoir ltr.	Usable Oil ltr.	Overall Width mm.	Overall Length mm.	Overall Height mm.	Pump Weight w/oil kg.
TWP55-50-220-01	11.5 ltr @ 7 bar 0.9 ltr @ 700 bar	9.5	8.4	435	241	460	34

- Two – Speed High Performance Pump
- External adjustable pressure regulator
- Retract side internal relief valve protects tool
- Hand remote
- Remote control with 30 Foot cord

**dBA Reading**

- At Idle – 79 - 80 dBA
- At 10,000 psi – 82 - 83 dBA

### RWP55

Pump Model	Oil Delivery per min.	Oil Reservoir ltr.	Usable Oil ltr.	Overall Width mm.	Overall Length mm.	Overall Height mm.	Pump Weight w/oil kg.
RWP55	7.6 ltr @ 7 bar 0.9 ltr @ 700 bar	9.5	8.4	420	241	503	44.5
RWP55-4 (4-Tool Manifold)	7.6 ltr @ 7 bar 0.9 ltr @ 700 bar	9.5	8.4	420	241	503	44.5

- Use where air is the preferred source of power
- Powerful 3hp motor starts under load
- External adjustable pressure regulator
- Retract side internal relief valve protects tool
- Use for double or single acting tools
- Pneumatic remote control with 25 Foot Cord

Air Motor Air Control – 3hp, 50cfm @ 5.5 bar
